Series 4304/4 Static Dissipative/ Black Conductive Cushion Pouch, Flap Closure

Maximum ESD protection in a four ply pouch with Faraday cage construction. Featuring an outer and inner layer of static dissipative .004 poly that meets electrical and physical properties of MIL-PRF-81705 Type II; a middle layer of black conductive .004 poly that meets MIL-P-82646(OS); and middle layer of Cancel® cushion that meets PPP-C-1842 Type I and CID-A-A-3129 Type I. Armand's multi-layer construction offers Faraday cage and impact resistance, all in one bag.

Available options include: an outer pocket; lip & tape; lip & Velcro®; static dissipative bubble cushioning, that meets PPP-C-795 Class 2; inner and outer layer of amine free static dissipative .004 poly, that meets electrical and physical properties of MIL-PRF-81705 Type II.

**Pouches available with or without flap. Pouches with flap need to specify length of flap.
